SECTION \_\_. The efforts at the Federal level to establish a mandatory carbon cap-and-trade system in the United States would be detrimental to the future of this nation and the people of this state. In response to such efforts, it is the position of the general assembly that the state of Tennessee should not participate in any Federally-mandated carbon cap-and-trade system and shall officially oppose the establishment of such a system by the Federal government. The Chief Clerk of the Senate shall transmit appropriate copies of this act to the President of the United States, the President and the Secretary of the U.S. Senate, the Speaker and the Clerk of the U.S. House of Representatives, and each member of the Tennessee congressional delegation.
